Sticky Sublime

Synopsis

An enthralling anthology of introspective thoughts from today's most highly esteemed artists, poets, and critics regarding the elusive subject of the contemporary Sublime. A companion to the critically acclaimed *Uncontrollable Beauty*, *Sticky Sublime* pushes the polemic on beauty even further, speculating where the beautiful and the Sublime will be situated in our post-postmodern, new technology era. Readers will discover intriguing essays by such respected creators and critics as Harold Bloom, David Hickey, Barbara Maria Stafford, and Anthony Haden-Guest, many of which were composed exclusively for this extraordinary guide. Art history lovers, academics, and anyone else interested in art appreciation will be surprised and entertained by what these internationally acclaimed authors have to say on an idea that has captivated and tangled the minds of great thinkers for centuries.
