The Art Of Fallout 4

Synopsis

Bethesda Game Studios, the award-winning creators of *Fallout® 3* and *The Elder Scrolls V: Skyrim®*, welcome you to the world of *Fallout® 4* - their most ambitious game ever, and the next generation of open-world gaming. The Art of *Fallout 4* is a must-have collectible for fans and an ultimate resource for every Wasteland wanderer. Featuring 368 oversize pages, never-before-seen designs, and concept art from the game's dynamic environments, iconic characters, detailed weapons, and more -- along with commentary from the developers themselves.

Customer Reviews

Was amazed when I received this book. It was much larger than I expected. It is filled nearly 400 pages of high quality photos and information. It has the exact same quality as a school textbook build and paper wise. Very happy with this purchase. You very easily get your money's worth with this.

By far the best video game artbook I have seen. The thing smells amazing from all of the color ink used to produce it. Easily about half of the book is full page art printing, with many other pages featuring many different concepts for a particular element/character in the game. I am a big artbook aficionado and before this I would say the *Witcher 3*'s artbook was the best, but the *Fallout 4* artbook surpasses it with sheer content. If you are thinking about buying it, buy it now.

This book is HEAVY. I accidentally dropped it and tried to break the fall with my foot...ouch. The art

is BEAUTIFUL! And there is a TON of it. One who is into Fallout could spend lots of time just ogling at the artwork. If you are a fan of the game or of the genre in general you cannot go wrong with this book.

There's not much more I can add to the other 5-star reviews, to be honest. This is a extremely high quality book that is worth every penny. The extensive look into the creation of Fallout 4 is something that no one who enjoyed the game should miss. Even if you haven't played it or never want to play it, if you appreciate retro-futuristic, steampunk, dystopian and/or sci-if artwork this book would be a great addition to your collection. Bethesda even injects their trademark humor and wit into their concept art (see last attached photo) so you're guaranteed a treat on every page. Whether is \$28 or \$50 this book is a solid 10/10.

Wow! Absolutely gorgeous book! Thank you for sending this in perfect condition! If you love Fallout I would highly recommend purchasing this for your collection. Be warned the book is HUGE and heavy! Well made...

Got this book for my fallout-loving boyfriend for Christmas. HE LOVES IT. It is a nicely made hardback book with endless pages to look at. It is September and he still pulls it out and look at the art. Bethesda puts a lot of time and effort into these books and my boyfriend loves to see the ideas they had for certain people/things in the game. It is definitely well worth the price and will serve as a souvenir of Fallout 4. Would totally recommend this as well as any other Bethesda art book.

I adore video game art books, and this was no exception. I was, however, surprised at just how much there was in this one. Nearly 400 pages of awesome world-building.

... cannot even remotely say how happy I am about getting this book. I pre-ordered this bad boy back in July when I just saw it and bought it out of a whim.. (20 dollars for this guy as a pre order price) after about 3 weeks with the book I literally soaked in all the knowledge that was bestowed upon Bethesda and let it set in. Here I am telling you that this book is a must have for every Fallout fan on the face of the earth. The amount of information in this book would probably get you prepared for a Fallout Final Exam. Its that extensive! Pictures in full color, documentation of the how the apocalypse came to be in Boston... So much more that I can't even tell you how much of a great addition this book will be to your Fallout collection! If you don't find my review amusing then read the

other twenty reviews that have been posting positive feedback because you won't be disappointed!
