Scandinavian Painted Decor

Synopsis

With the help of internationally renowned artisan Jocasta Innes, anyone can create the beautiful and diverse decorative styles found in Norway, Sweden, Finland, and Denmark. Stunning full-color photographs enable you to explore the delights of Scandinavian interiors and painted wood architecture, from the cheerful charm of rural farmhouses and country manors to the rich splendor of palaces and churches. Learn to use traditional painting techniques, including splatter painting, marbling, and stenciling, to transform walls, floors, ceilings, furniture, and other home accessories. With this inspiring source of decorating ideas and how-to instructions, you can bring a touch of Scandinavia to any place in the world.

Customer Reviews

I have borrowed this book a couple of times from the library over the years and finally decided to grab it from when I noticed the numbers of secondhand books available were decreasing. The gorgeous painted interiors of the 17th to 19th century in scandinavia were a revelation to me. And although painted interiors were popular in many parts of europe and the west in that time period, somehow the nordic version just seems to be the most beautiful. Great book. So glad I was finally able to get my own copy. Recommend it to anyone who likes Gustavian, Georgian, or painted rural interiors.

This book couples well-written descriptions of painting techniques and color histories with beautiful

pictures. It is my new favorite design book.

this book is a pure delight. am having so much fun making my list of 'what to paint'. arrived so quickly too!

love the book- beautiful illustrations and history in the text.perfect seller and arrived quicklyexactly as described
