Customer Reviews

This calendar is beautiful. We hang a calendar on the wall to keep track of our appointments. The pictures are stunning and the paper is good quality, glossy and heavy duty. There is plenty of space in the blocks to record dates and appointments. The coil binding is handy for flipping from month to month. Hanging on my wall the calendar is 27" long and 11.4" wide. The date blocks measure 1.5" wide and almost 2" tall. I would definitely recommend this calendar and make a repeat purchase next year!

I love this calendar. I order it every year. I like that it has the coil binding, makes it so easy to flip the months over.

I've been buying this calendar for decades. I love the photos and I love the size of each "box" for each day. The quality hasn't changed since I first bought the calendar - how many things can you say that about?

I have been buying Sierra Club Calendars for my house for the past 25 years. They are inevitably filled with lovely photos, are of a nice large size, and each page block allows one the space to write reminders for appointments, and other types of reminders. This 2016 version is no exception. The pictures are breathtaking, with gloriously colored photographs. The photographic quality is so high as to remind one of a far more expensive calendar. But more than all of this, the Sierra Club is a wonderful organization which has been working steadily and quietly for a very long time indeed to protect, and to preserve our many, many locations of stunning natural beauty, as well as the animals and other creatures that inhabit these locations. The Sierra Club has saved many areas that would otherwise have been doomed to development, of a type which would forever have destroyed their natural beauty, in addition to protecting and saving various creatures within our natural world. For me this is a lovely calendar, worth its very reasonable price, but far more than that, this calendar represents and supports the work and ideals of a wonderful organization, dedicated to saving and preserving our natural world - not only for us, but for the many generations of our descendants still to come. Buy this as a lovely calendar, but also buy this with an eye to the ideals and practices which you will be supporting with the purchase of this lovely calendar.

I have always bought these great beautiful calendars every year at kiosks around holiday time in Dec. The boxes each month are perfect to write my busy schedule. I discovered I can purchase these through at less cost plus in July/Aug. This makes it easier to write all my appointments for the next year on the calendar immediately (like when you have an annual Dr. or car appointment, you go to it, they give you an appointment for the next year) It arrives boxed as is its usual way to purchase and so is always undamaged!!!! And it certainly is a really beautiful calendar to have hanging. love Love LOVE this!!!!!! Sierra Club Wilderness Calendar 2016

We have gotten this calendar every year for the past 20 years. The photography is always breathtaking, but its the generous size of the day squares that makes this a winner. Who needs an organizer when you can put all your important things to do on this great calendar.

The Sierra Club puts out THE most beautiful calendars...I've been buying them for years and have never been disappointed! Gorgeous! And I'm so pleased has them...no more searching through the malls.

This is a wonderful calendar. I love the coil ring. I had forgotten how nice Sierra Club makes

calendars. I like the day squares as I will be able to write in appointments. I like that it has the phrases of the moon and basic observed days. I have had some that were too busy giving me more info than a calendar needs. This one is just right. I would recommend this to anyone.
