Balanchine
Written with wit, insight, and candor, Balanchine is a book that will delight lovers of biography as well as those with a special interest in dance. For this edition the author has added a thoughtful yet dramatic account of the working out of Balanchine's legacy, from the making of his controversial will to the present day. The author explores the intriguing legal, financial, and institutional subplots that unfolded after the death of the greatest choreographer of the century, but the central plot of his epilogue is the aesthetic issue: In the absence of their creator, can the ballets retain their wondrous vitality? Taper illuminates the fascinating transmission of Balanchine's masterworks from one generation to another, an unprecedented legacy in the history of ballet, that most evanescent of the arts.

**Customer Reviews**

Taper's Balanchine biography is one of the best books I have ever read! It combines the biographical information with personal accounts and stories that really give you the feeling of getting to know the amazing George Balanchine. Some may have read other books, like Gelsey Kirkland's "Dancing on my Grave", that give a bad impression of Mr. Balanchine, but I promise if you read this book, you will have a change of heart. Although no biography can be completely free of bias, this author describes Mr. Balanchine in a truly honest and real way. I really do feel like I know Mr. Balanchine and I promise that if you read this incredible book, you will too.
Thanks!
