Style, Stitch, Staple: Basic Upholstering Skills To Tackle Any Project

Synopsis

Style, Stitch, Staple combines straightforward upholstery techniques with advice on choosing and styling fabrics to help the design-savvy reader transform even the most dilapidated furniture into gorgeous updated pieces. Packed full of fabric advice, yardage charts, upholstery tutorials, and case studies that feature salvaged and inexpensive furniture, this book is the perfect go-to-guide for the many sewers, designers, artists, and creative folk who want to learn to rescue and revive all manner of furniture—footstools, headboards, or dining room chairs—to give their homes that unique, personalized, and stylish look.

Customer Reviews

The drawings are crude and not that easy to follow. The projects are illustrated nicely but steps are left out. I found myself having to jump around the chapters to find out what I needed to know about stripping and then re upholstering an old padded dining room chair. The photos of the materials were excellent but nothing was in simple step by step order for a beginner like myself. I don't care about projects created by other people and would rather have simple how to steps with only photos.

Beautiful book that provides good basic home upholstery information complete with individual projects that are broken down into fine detail. I love it. Would high recommend to anyone who is going to do any reupholstery.

A little light on detail for those of us that are beginners. Much prefer "Spruce" - this book is more like a coffee table book.

Types of fabrics explained, how to co-ordinate fabrics, stuffing's, lashing the springs and more. Nice colored photos and drawings. Great for a beginner at upholstering.
