Customer Reviews

With the pages being one-sided, you don’t have to worry about color bleeding through to the next page very much.The addition of animals and/or flowers to every page gives it a fancy feel.Looking forward to shopping for more of these treasures soon.

Not exactly what I expected, but a funny concept. I preferred to print off the pages a place them around my house or take pictures of the page a make it the background of my phone. Whoever would have thought there would be an adult coloring book let alone one on swear words?! If you're looking to pass the time grab this book and blow off some steam.

When I first heard of coloring books for adults I thought it was an unusual concept. But I understood a bit after reading about the therapeutic value of such activity. Since then I have enjoyed coloring in elephants, faces and other day to day things, it is relaxing. But when I encountered this particular book on coloring in swear words I was very skeptical. I thought that swear words invoke anger and frustration. But that is actually the opposite once you start coloring. It's also quite funny when you come across some of the words. This book's a real winner.

What a hilarious form of art! This is fun to do especially if you want to vent out your feelings creatively and peacefully express yourself. I find it very clever that they have made this one like this. I also appreciate the intricate, detailed drawing and that they purposely colored the items included in this book nice and appropriately for reference.

This is quite an unusual coloring book for the reason that it contains swear words for you to color too. Itâ ™s funny that these swear words look pretty with all the colors in it and the impact of these words donâ ™t seem to be bad. This book is strongly for adults only but they will surely enjoy coloring it like how kids enjoy coloring too.

Coloring can now be thought of as a very inexpensive and creative therapy session. Since it requires focus, even if you only color for a short period of time, it can improve symptoms associated with adult coloring. I love the designs and there are plenty of pages to choose from so load up your printer with paper. This way, you can always start easily and continue to perfect your art skills and explore your art potentials. I really enjoyed the variety of animals to color.

This book is amazing. Who knew swearing could be so classy and beautiful? Obviously we are all adult due to the language, but it's all in fun. I received this book for a discounted price for my honest opinion. The designs are great and make the swear words look and feel less vulgar. It almost makes swearing pretty! A very great coloring book!

The coloring pages included in this book is very funny and enables me to get free from stress. It is mainly designed for relaxation. This book introduces me with completely a new version for relaxation methods providing with 29 uniquely colored ideas that work to subdue my anger by releasing it. Excellent book it is with a great idea to relieve from stress. I liked the concept, and also the book.
