Customer Reviews

For an illustrator starting out, or one well-seasoned, this book offers so much inspiration and insight. Being in the art field is difficult enough, so having this great source of information is such an asset-It gives you an idea of what kind of work is out there, competition you are up against, and ideas on techniques and style. Although it isn't a "how to" book, the fact that it has thousands of pages of fellow illustrators and graphic designers best work is enough to make anyone learn something new from viewing it. I highly recommend this book as a tool for any illustrator or designer.
