Arthur Elgort: The Big Picture

Synopsis

This is Arthur Elgort's (born 1940) first comprehensive book, showing his world-renowned fashion imagery alongside his personal work. The Big Picture spans Elgort's five-decade career and illustrates his longevity as an emulated fashion photographer. His lively and casual shooting style is significantly influenced by his lifelong love of music and dance, particularly jazz and ballet. Elgort's 1971 debut in British Vogue created a sensation in the fashion world where his soon-to-be iconic snapshot style and emphasis on movement and natural light transgressed norms of fashion photography. Elgort subsequently rose to fame working for such distinguished magazines as American, French and Italian Vogue, Interview, GQ, Life and Rolling Stone and shooting advertising campaigns for fashion labels including Chanel, Valentino and Yves Saint Laurent.

Customer Reviews

Arthur Elgort has such an expert and charismatic eye to bring out the unexpected in every photograph. His fashion and personal photography contains some of the greatest models of all time (Naomi Campbell, Christy Turlington) from photo shoots for Vogue and Harper's Bazaar during the 1970s till now. Early Kate Moss anyone?! Quotes of his are sprinkled throughout the book which was a surprise to me, but I loved it. If anyone was wondering: This is a hefty book!! For anyone who wants a VERY high quality photo book with alot substance â this is it.

I'm not sure how anyone could not love Arthur Elgort's photography, so I will make a comment

about the book itself: I own a lot of photography books, and this one is at the top as far as printing quality is concerned. Outstanding job designing, printing, and everything else that goes into making a well-crafted book.

Book as described. Fast delivery.
