Customer Reviews

This book is spiral bound which I don't like, and the 3 individual book indexes are split up within this one--so the first index is at the beginning, but then the other two indexes are scattered throughout. Not that helpful in my opinion! I might as well have taken the three books myself, cut off the binding and spiral bound them together--that's how this book is made! Otherwise, I'm glad to have them all together.

The book is a great collection. A must for all beginning male soloists. I wish the binding was a little heavier duty though.

It's nice to have all three books in one place. The only annoying part is the table of contents isn't at the beginning but instead Part II table of contents is a third of the way through the book.

I really enjoy having all three volumes in one book!!
