Customer Reviews

My Polish girlfriend can speak English with some fluency but there are many words and grammatical challenges for her to overcome if she wants to become a writer. We discovered Murder Mysteries by accident and this kindle intrigued her and I have to say she found the book rather helpful. We both have a healthy interest in murder mystery dramas so it turned out a great way to entertain and get used to some of the lesser-used terms in the English language. Murder Mysteries turned out to be an entertaining educational tool and I always say this method is better than standard text book language books.

Very nice book.!
