In my 25+ years in the design field, I've known only a select few truly talented designers - the ones that just have that natural affinity for beauty, proportion, balance and good lighting. Phoebe Howard is one of those few, and this second book venture really shows her diversity and depth. Every room and vignette is perfection. I am honored to share her passion and excitement for every new client and project - she is someone who truly love what she does! It's a must read!

While I enjoyed her first book, Joy Of Decorating in 2012; her latest Room By Room has surpassed. A great coffee tableread and look, her use of color schemes separates her from colleagues Andrea

Fanning, Timothy Wheaton, and Barbara Westbrook. Unlike her first book, Mrs. Howard ventures into the outdoor living space and the results are fabulous! Makes me want to kick back with some peach tea or mint - julep and await her next literary treat!

Oh happy day!!!! Ever since the Joy of Decorating hit the stands I've been waiting for Phoebe to come out with another. Room by Room is refreshing, timeless, and classic. It is so nice to be able to flip through a decorating book and love every single page. It seems so many decorators these days are trying too hard to be "different." Phoebe stands true to her aesthetic and continuously keeps it pretty.

Phoebe's first book, The Joy of Decorating, is one of my favorite design books (I highly recommend that one too!), so I was anxiously awaiting the release of this book. As expected, Phoebe does not disappoint! I really have enjoyed perusing through Room by Room. I love the way she has it divided by rooms with ideas, tips and inspiration for each area. A great one to read cover to cover!

Every room is like an empty canvas. Phoebe Howard's second book, "Room by Room," inspires the artist/decorator inside of all of us to paint our own masterpiece. Pure Southern charm and absolute elegance, Phoebe. Bravo!

Such a gorgeous book! A nice mix of classic Phoebe Howard style with lots of modern touches thrown in. Really beautiful--will definitely be buying this for friends!

Very basic interior design without much personality. It's good for someone who is just learning about interior design. The rooms shown were more "display" vs. insightful tips on creating a warm and welcoming living space.

Amazing! Phoebe Howard's second book is truly inspirational! I would live in every single room showcased in this book. Room by Room is the perfect companion to her first book, The Joy of Decorating.
