Faeries: Deluxe Collector's Edition

Synopsis

A quarter of a century after its initial publication, and with more than a million copies in print worldwide, Brian Froud and Alan Leeâ™s *Faeries* is a certified fantasy classic. Now, Froud and Lee return to their most enduring and beloved work in this deluxe anniversary edition. This ultimate collectorâ™s book features eight new pieces of art by Froud and Lee with the original pencil drawings and watercolors. Â More than just a reissue, this deluxe revised and updated edition contains essays from both Froud and Lee on the continuing influence of *Faeries*. There is also a foreword by bestselling author Jane Yolen. Â

Customer Reviews

My parents gave this to me for my fifth birthday and it is one of the most cherished and beautiful books that I own. It's a compilation of gorgeous watercolors, sketches, and a systematic like grouping of faeries and their mythical kin. I can't imagine a better book for a young artist or creative reader. I spent hours and hours poring over each illustration and reading about the origins of all the creatures. It has a Jim Henson-like quality in its imaginative spirit (echoed by one of the jacket covers which features Froud with a little puppet faery mannikin posed in a tree). Alan Lee is responsible for those gorgeous watercolors, while Brian Froud does the kinetic sketches (Froud was also the illustrator of *Lady Cottingtons Book of Pressed Faeries*--a funny and darkly humored picture book). Sidenote: Brian Froud's wife, Wendy, was one of the artists responsible for the very beautiful (if slightly dated) *Dark Crystal* and, I did not know this--YODA!! Who knew?! Wonderful news, too, the 25th edition of this book contains 20 new pieces by Froud and Lee. As for the nakedness: When

I was six I thought everyone's body was beautiful and nakedness definitely didn't put me off. The only times it was disturbing was when adults made a big deal of it. That and finding a discarded copy of Penthouse behind an abandoned building both fascinated and freaked me out. But Froud's book is nothing like that. I'd no more be upset by the nudity in this than I would by the nudity in Renaissance paintings. I'm guessing adults must read more eroticism into it than any child would. If you're really worried, check out Brian Froud's website--it has some of the illustrations from Faeries and will give you a better sense of it. Personally, I think it's a wonderful book for children.
