Dancing With The Stars: Jive, Samba, And Tango Your Way Into The Best Shape Of Your Life
**Synopsis**

Twice a week, millions of viewers tune in to watch the magical transformations undergone by their favorite entertainers through the beauty of dance—and now you can bring all that excitement, sparkle, and glamour into your own home. Based on the hit ABC series, Dancing with the Stars has everything a fan of the show could want: never-before-seen pictures and stories from the stars describing their favorite moments on the show and how they trained for each week’s competition; a behind-the-scenes tour of what goes into the all the hair, makeup, and costumes each week; a look at all the key dances performed on the show; and finally, a complete dance-based workout that helps you lose weight, get fit, and have fun. Filled with photographs and detailed instructions, this book will inspire you to take to the dance floor and get a dancer’s body yourself. Anyone who has watched the show knows it doesn’t matter if you’re young or old, male or female, a talk-show host or a football player—this workout will get you in the best shape of your life.

**Customer Reviews**

This is a great book if you love pictures of the stars and a list of great Ballroom Dance Music. Not a lot of content, though. Helen

A great TV show deserves a great book, and this is it! The book is printed on heavy, shiny paper with tons of color photos that include almost every couple from Season 1 through last year when Apolo and Julianne won. The last part of the book is photo after photo of Alec and Edyta
demonstrating the different dances. Not so interesting! Why were they chosen when there is a bevy of beautiful people to choose from, for example, Maksim, Julianne, etc. But anyway, if you love the show, you will love this book. There is some instruction, and text on the differences between the various dances. Watch the show! Buy the book! Both are a lot of fun.

Dancing with the Stars is one of the most popular shows on TV. While this book is fine, not great, it is still very fun. Most of it is devoted to exercises routines and pictures of the pros Alec and Edyta, but the best part is the season by season run down of the dancers and the stars. There should be more, more, more. The show has a devoted following of not just the dancing. There is the terrific music. The great music and dance guest stars also make it great entertainment. There should be a section about the costumes, shoes, make up. I hope that the publishers know that there needs to be more pictures, more stories of each season, interviews with the pros who are the backbone of the show, the judges etc.

The photographs alone show how dancing to many different rhythms can make us humans feel deeply happy. I am a dancer and just following the photos brought me to my feet. The end section has stretching and bending exercises the way ballroom dancing is performed, so that we will not be intimidated by the term "dance" but will make the effort to begin somewhere and progress. Next we should buy the music to learn what the dances sound like, and then have fun!

Great cd's. Great to excercise with and help get in the modd to excerise. The music was also great! I would suggest to my friends to purchase

This is one of my favorite books and I had one and thought I lost it so I got a new one to replace it

Not very interesting
